

Motive Power Battery Warranty:

Exide Industries Limited guarantees their motive power batteries against faulty workmanship and defective material from the date of purchase for a period of 1248 cycles of charge and discharge or a maximum period of four years (48 months) (Two year full warranty and two years pro-rata.) whichever is earlier.

The warranty applies to a maximum of 80% of depth of discharge of the cell's rated capacity @ C5. A cell is deemed to have failed if it cannot deliver 80% of its C5 capacity.

Details of Traction Battery Warranty:

The warranty as detailed remains valid, only if the following operating conditions are adhered to:

- 1) That the battery is never discharged to greater than 80% of its nominal 5-hour ampere hour capacity;
- 2) That the battery is operated and maintained in accordance with the instructions contained in the Battery Care and Safety Handbook and subsequent instructions issued by Exide Industries Limited;
- 3) That a battery log book is maintained at all times and
- 4) That other conditions as follows are adhered to:
 - a) The electrolyte temperature never exceeds 43%;
 - b) The electrolyte level in each cell is maintained at all times and the topping up necessary is carried out using approved distilled or de-mineralised water. Topping up should be carried out at the end of the charge;
 - c) The battery completes only one discharge/re-charge cycle in 24 hours during normal operations and no more than 300 cycles per year;
 - d) The battery is charged only on an approved charger, having the rating, setting and operation correct;
 - e) The battery is re-charged as soon as possible after the end of discharge and is left in a fully charged state. Should the battery not be required for any reason, it should be fully charged before being left in storage and given a re-charge once a month until required for further use. The battery should not be left in a discharged state;
 - f) The batteries is used on approved applications;
 - g) The battery and the battery log book is available on request for inspection by Exide Industries limited at any reasonable time and;
 - h) Notification is given within three (3) working days to Exide Industries Limited or their distributor, of any defect, which is the basis of a claim or may be reasonably expected to develop so as to register such a claim.

No liability whatsoever will be accepted by Exide Industries Limited or its duly appointed distributors for any damages whether direct, incidental, consequential (including loss of profit) or otherwise or losses howsoever caused and of whatsoever natured suffered by the purchaser or any other person.
